

**§ 375.505 Must I write up a bill of lading?**

(a) You must issue a bill of lading. The bill of lading must contain the terms and conditions of the contract. A bill of lading may be combined with an order for service to include all the items required by § 375.501 of this subpart. You must furnish a partially complete copy of the bill of lading to the individual shipper before the vehicle leaves the residence at origin. The partially complete bill of lading must contain all relevant shipment information, except the actual shipment weight and any other information necessary to determine the final charges for all services performed.

(b) On a bill of lading, you must include the following 14 items:

(1) Your name and address, or the name and address of the motor carrier issuing the bill of lading.

(2) The names and addresses of any other motor carriers, when known, who will participate in transportation of the shipment.

(3) The name, address, and telephone number of your office (or the office of your agent) where the individual shipper can contact you in relation to the transportation of the shipment.

(4) The form of payment you and your agents will honor at delivery. The payment information must be the same that was entered on the estimate and order for service.

(5) When you transport on a collect-on-delivery basis, the name, address, and if furnished, the telephone number, facsimile number, or e-mail address of a person to notify about the charges. The notification may also be made by overnight courier or certified mail, return receipt requested.

(6) *For non-guaranteed service*, the agreed date or period of time for pickup of the shipment and the agreed date or period of time for the delivery of the shipment. The agreed dates or periods for pickup and delivery entered upon the bill of lading must conform to the agreed dates or periods of time for pickup and delivery entered upon the order for service or a proper amendment to the order for service.

(7) *For guaranteed service*, subject to tariff provisions, the dates for pickup and delivery, and any penalty or per

diem entitlements due the individual shipper under the agreement.

(8) The actual date of pickup.

(9) The company or carrier identification number of the vehicle(s) upon which you load the individual shipper's shipment.

(10) The terms and conditions for payment of the total charges, including notice of any minimum charges.

(11) The maximum amount you will demand at the time of delivery to obtain possession of the shipment, when you transport under a collect-on-delivery basis.

(12) A statement of the declared value of the shipment, which is the maximum amount of your liability to the individual shipper under your Full Value Protection for the replacement value of any household goods that are lost, damaged, destroyed, or otherwise not delivered to the final destination. If the individual shipper waives, in writing, your Full Value Protection liability for the declared value of the household goods, you must include a copy of the waiver; the Surface Transportation Board's required released rates valuation statement; and the charges, if any, for optional valuation coverage (other than Full Value Protection). The released rates may be increased annually by the motor carrier based on the U.S. Department of Commerce's Cost of Living Adjustment.

(13) Evidence of any insurance coverage sold to or procured for the individual shipper from an independent insurer, including the amount of the premium for such insurance.

(14) Each attachment to the bill of lading. Each attachment is an integral part of the bill of lading contract. If not provided elsewhere to the shipper, the following three items must be added as an attachment to the bill of lading.

(i) The binding or non-binding estimate.

(ii) The order for service.

(iii) The inventory.

(c) A copy of the bill of lading must accompany a shipment at all times while in your (or your agent's) possession. Before the vehicle leaves the residence of origin, the bill of lading must be in the possession of the driver responsible for the shipment.

## § 375.507

## 49 CFR Ch. III (10–1–10 Edition)

(d) You must retain bills of lading for each move you perform for at least one year from the date you created the bill of lading.

(e) You have the option of placing the valuation statement on either the order for service or the bill of lading, provided the order for service or bill of lading states the appropriate valuation selected by the shipper.

[68 FR 35091, June 11, 2003, as amended at 69 FR 10576, Mar. 5, 2004; 72 FR 36774, July 5, 2007]

### WEIGHING THE SHIPMENT

#### § 375.507 Must I determine the weight of a shipment?

(a) When you transport household goods on a non-binding estimate dependent upon the shipment weight, you must determine the weight of each shipment transported before the assessment of any charges.

(b) You must weigh the shipment upon a certified scale.

(c) You must provide a written explanation of volume to weight conversions, when you provide an estimate by volume and convert the volume to weight.

#### § 375.509 How must I determine the weight of a shipment?

(a) You must weigh the shipment by using one of the following two methods:

(1) *First method—origin weigh.* You determine the difference between the tare weight of the vehicle before loading at the origin of the shipment and the gross weight of the same vehicle after loading the shipment.

(2) *Second method—back weigh.* You determine the difference between the gross weight of the vehicle with the shipment loaded and the tare weight of the same vehicle after you unload the shipment.

(b) The following three conditions must exist for both the tare and gross weighings:

(1) The vehicle must have installed or loaded all pads, dollies, hand trucks, ramps, and other equipment required in the transportation of the shipment.

(2) The driver and other persons must be off the vehicle at the time of either weighing.

(3) The fuel tanks on the vehicle must be full at the time of each weighing, or, in the alternative, when you use the *first method—origin weigh*, in paragraph (a)(1) of this section, where the tare weighing is the first weighing performed, you must refrain from adding fuel between the two weighings.

(c) You may detach the trailer of a tractor-trailer vehicle combination from the tractor and have the trailer weighed separately at each weighing provided the length of the scale platform is adequate to accommodate and support the entire trailer at one time.

(d) You must use the net weight of shipments transported in containers. You must calculate the difference between the tare weight of the container (including all pads, blocking and bracing used in the transportation of the shipment) and the gross weight of the container with the shipment loaded in the container.

#### § 375.511 May I use an alternative method for shipments weighing 3,000 pounds or less?

For shipments weighing 3,000 pounds or less (1,362 kilograms or less), you may weigh the shipment upon a platform or warehouse certified scale before loading for transportation or after unloading.

#### § 375.513 Must I give the individual shipper an opportunity to observe the weighing?

You must give the individual shipper or any other person responsible for the payment of the freight charges the right to observe all weighings of the shipment. You must advise the individual shipper, or any other person entitled to observe the weighings, where and when each weighing will occur. You must give the person who will observe the weighings a reasonable opportunity to be present to observe the weighings.

#### § 375.515 May an individual shipper waive his/her right to observe each weighing?

(a) If an individual shipper elects not to observe a weighing, the shipper is presumed to have waived that right.

(b) If an individual shipper elects not to observe a reweighing, the shipper must waive that right in writing. The
